

IN THE CLAIMS

Please amend the claims as follows:

Claim 1 (Currently Amended): A cleaning sheet adapted to be attached to ~~[[the]]~~ a head of a cleaning tool and ~~having~~ comprising:

a first wiping sheet disposed on one side of the cleaning sheet;

a wiping portion adapted to be disposed on ~~[[the]]~~ a bottom of the head~~[[,]]~~; and

~~the cleaning sheet having a projecting part in~~ including a part of the wiping portion, which is reinforced with another material superimposed on the first wiping sheet in an area corresponding to the projecting part,

the projecting part being adapted to stick out of the edge of the head by a projecting length M when the cleaning sheet is attached to the head, and

the projecting part having a repulsive force of 0.1 to 100 N/cm when deformed by a length M/3 in the direction opposite the projecting direction thereof.

Claim 2 (Currently Amended): The cleaning sheet according to claim 1, comprising a base sheet, wherein and a ~~the first~~ wiping sheet is disposed on the surface of the base sheet and ~~having~~ including the projecting part as a first fringe of the first wiping sheet.

Claim 3 (New): The cleaning sheet according to claim 1, wherein the repulsive force is from 0.2 to 50 N/cm when deformed by a length M/3 in the direction opposite the projecting direction thereof.

Claim 4 (New): The cleaning sheet according to claim 1, wherein the repulsive force is from 0.3 to 10 N/cm when deformed by a length M/3 in the direction opposite the projecting direction thereof.

Claim 5 (New): The cleaning sheet according to claim 1, further comprising fixing portions extending from the forward and backward edges of the projecting parts.

Claim 6 (New): The cleaning sheet according to claim 5, wherein the fixing portions are connected to respective forward and backward edges by sections thinner than the fixing portions as measured in a direction perpendicular to the projecting direction.

Claim 7 (New): The cleaning sheet according to claim 2, further comprising a second wiping sheet disposed on a side of the base sheet opposite the first wiping sheet.

Claim 8 (New): The cleaning sheet according to claim 7, wherein the base sheet comprises a different material than material comprising the first and second wiping sheets.

Claim 9 (New): The cleaning sheet according to claim 8, wherein the second wiping sheet includes a second fringe.

Claim 10 (New): The cleaning sheet according to claim 9, wherein the first and second fringes are sections of the first and second wiping sheets, respectively.
